## PROFESSIONAL SUMMARY

Dynamic and results-driven Program and Project Manager with over a decade of experience in overseeing complex projects across various sectors, including software development, public sector solutions and telecommunications. Proven expertise in managing multimillion-euro budgets, coordinating cross-functional teams, and implementing strategic visions to drive organizational growth and efficiency. Adept at presales activities, client relationship management, and reporting to top-level stakeholders. Strong background in resource planning and delivering projects on time and within budget. Fluent in Dutch and English, with advanced proficiency in French and basic knowledge of German. A strategic leader with a commitment to innovation, continuous improvement, and achieving exceptional project outcomes.

## WORK EXPERIENCE

### Ferm

01/2022 - Present

#### Program Manager (Freelance)

Overseeing the software programs at Ferm. Adept at creating and managing budgets, with a proven track record of handling a total budget of approximately €5M per year. Skilled in coordinating and planning the efforts of around 35 team members, while defining vision and strategy for the software teams. Strong ability to identify organizational needs, set clear objectives for software programs and projects, and monitor and evaluate their success. Effective in reporting to the Board of Directors and stakeholders, and implementing transformative changes within organizations to drive growth and efficiency.

### Digitaal Vlaanderen

05/2021 - 12/2021

#### Project Manager (Freelance)

Responsible for implementing internal complex cross-business projects, driving modernization of existing procedures, and ensuring efficient execution. Successfully reported progress and outcomes to the Program Manager and key stakeholders.

### Tobania

07/2018 - 05/2021

#### Operations Manager | Cofounder new business unit

Cofounder and Operations Manager of Tobania.Public, a specialized business unit at Tobania focused on delivering innovative solutions for the public sector. Successfully coordinated and planned the efforts of a 15-member team while defining the vision for in-house built products. Oversaw a range of public sector projects with budgets ranging from €50K to €600K, managing a total yearly budget of approximately €2M. Played a pivotal role in presales activities for new potential clients and consistently reported progress and strategic insights to the CEO of Tobania. Demonstrated a strong ability to drive growth, innovation, and efficiency within the organization.
